Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's Representatives wanted to discuss adding "for testing at least one" after the word method in the 1st claim, and deleting "an indicator for tracking a dynamic updating of the information" from the 13th claim, both of which were improperly supplied in communications from the applicant. The Examiner advised the Representatives to file a 312 with the proposed claim change given the status of the case and the fact that the wording was proposed by the Applicant in previous amendments .
